

Our challenge as commissioners is to...

- Improve health
- Reduce health inequalities
- Ensure services are
 - Fair
 - Personalised
 - Effective
 - Safe

Our priorities include...

- Focus upon improving health and well being
- Shifting the balance from treatment to prevention
- Levelling up across the patch
- Provide a locally based flexible healthcare service
- Develop a choice of providers in each care sector
- Care closer to home
 - Integrated networks of care
 - Community Hospitals
- Achieve and exceed national targets as milestones towards real service and health improvements

Levels of care

Where does this all fit?
